Fundraising

Family Fun Fest at Tampa Channelside

Walk teams in Tampa met at the Channelside district to raise funds for sight saving programs. Hundreds of

walkers, donors, teams and volunteers enjoyed food and fun during our annual event, now celebrating over 10 years of saving sight!

Transitions Championship Think About Your Eyes Walk

Prevent Blindness Florida enjoyed another year of working together with Transitions Optical, Inc to offer the Think About Your Eyes Walk and assist children with eye care.

A stroll around the PGA course the Sunday before the tournament was well attended. All proceeds benefited programs offered by Prevent Blindness Florida. We are grateful for our long relationship with Transitions Optical, Inc.

Dear Friends of Prevent Blindness Florida,

This has been a good year for Prevent Blindness Florida. We continued our successful relationship with the Florida Department of Health. We offer clients assistance with education to prevent eye diseases, a free screening and a program to assist with eye exams and glasses. This program has helped thousands in the state improve their opportunity for a lifetime of healthy sight.

Prevent Blindness Florida is privileged to have partnered again with Transitions Optical, Inc, for the PGA Championship at Innisbrook Resort and Golf Club. We were proud to offer vision screenings to over 1,100 children.

We thank our committed board members, donors, staff and volunteers for the contributions made in 2011 to saving sight.

Regards,

James J. Tobin, CFRE
President & CEO

Prevent Blindness Florida Annual Report 2011

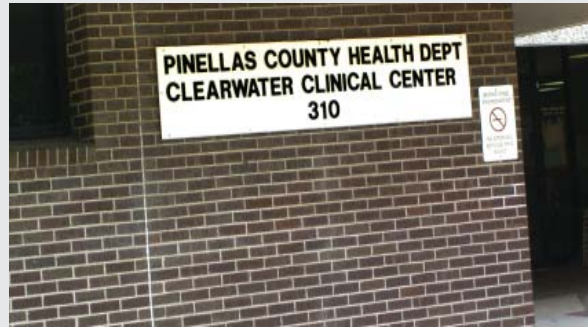

"This child has protected his sight from UV rays."

Screening . Education . Research . Advocacy

Program Initiatives

Health Department Screenings

We continue to provide our free vision screening program at county health department clinics. The screenings are open to both children and adults. To those who qualify, financial assistance is made available for eye exams and glasses through our program. In addition, assistance for treatment of eye diseases is also made available through partner organizations such as Eye Care America.

Saving Children's Sight

Each year thousands of children throughout the state of Florida receive important eye health and safety education, vision care resources and vision screening through our programs. Through our website, brochures, presentations and screening we provide valuable information about the importance of protecting children's sight. We especially thank AAA Auto Club South, Florida Tax Collectors offices and the support of the Florida Division of Highway Safety and Motor Vehicles.
